Mr. Sample
121 Ski Lift Road
Adaptive, NY 12121

Dear Mr. Sample,

I have been asked to share information with you about an event that can be life changing for the participants and the volunteers that help them. For the past 4 winters the volunteers at Greek Peak GPSD Adaptive Snowsports have hosted "Winter Challenge Week". Winter Challenge provides scholarships to adults with physical disabilities to learn to ski or snowboard.

Through our scholarship program we provide meals, lodging, lift tickets, equipment and coaches/instructors for 4-5 days of intense training. We also provide transportation to and from Binghamton or Syracuse airports if needed, all at no charge to participants.

We are an all volunteer nonprofit organization and depend on the generosity of area businesses and corporations for financial support of our programs. Winter Challenge is a wonderful program created as a result of personal tragedy. One young man, Kevin King, lost a leg in 2001 and as a result of his rehabilitation thru skiing Winter Challenge was created to help others.

We are seeking corporate sponsorship for our 2008 scholarship week. Corporate sponsorship begins at \$250. Sponsors are acknowledged on our web page, at our Winter Challenge Week, and at our sponsors' dinner. All monies go directly to the scholarship program.

I've enclosed a brochure about Winter Challenge Week that includes some photos and comments from past participants.

Thank you for your consideration. If you have any questions please feel free to call or e-mail me. Members of our organization are available to give presentations on our program, just let me know if you are interested.

Sincerely,

Robyn King
